

BAR GRAPH POCKET CHART RESOURCE GUIDE

Examples of Pocket Chart in use.

Fun ideas for your pocket chart:

1. Make the pieces of your pocket chart last longer by laminating them before use.
2. Hang your pocket chart on a bulletin board, wall, or lay it on the floor for students to use.
3. Incorporate your pocket chart into circle time, daily lessons, or classroom displays.
4. Use the front side (name side) of the cards along the bottom or use the back side (picture side) for younger children.
5. Make additional questions by writing with dry erase markers on the back side of your laminated question cards.
